	Timeshares

GENERAL UW GUIDELINES
Client must be a US Citizen or Resident Alien (must have SS# or TIN).
Unmarried couples may be enrolled together.
If client is an Authorized User on an account, the primary account holder must also be enrolled to include that account on the program.
Single Creditor Programs (client has several accounts from the same creditor that makes up entire program). Acceptable only with a credit report. Cannot leave any other unsecured debts off program from the same creditor to keep current. Max term limited to 24-36 months (with approval).
Maximum Program Length is 48 months. UW will review Exception Requests on a case-by-case basis, accepting up to 60 months. Program must meet all UW Guidelines.
Program Initial Deposit Date cannot exceed 30 days from client's signature date.
Detailed Financial Analysis page in client agreement must have a positive dollar amount listed in the Monthly Disposable Income field.

1. Program Term Guidelines					
# of Creditors	Total Debt Enrolled				
	$10K - $15K	$15K - $20K	$20K - $30K	$30K - $50K	>$50K
1	12 months	15 months	18 months	N/A	N/A
2	24 months	24 months	24 months	30 months	30 months
3	24 months	36 months	36 months	36 months	42 months
4+	28 months	36 months	44 months	48 months	53 months

Notes-.

1. Files > $50k **may** be approved for 60 months with Senior Management Approval.
2. Files < $20k will **not** be approved for terms with # months greater than 2x debt.

2. Monthly Payment Calculation Guideline	
+	Total Enrolled Debt x 0.80
	[Program Term + 1] x $9.95
=	*Total Required Savings*
÷	Program Term
=	*Monthly Payment*

File Requirements

Secured Accounts

- What exactly is the account secured to?
- How long has it been secured? (Please keep in mind the longer it has been secured, the less likely the creditor is to come and take that property/items. If it is more recent (6) months or less, it is a greater possibility)
- Client must be made aware that the personal property that is secured to these accounts could result in seizure/repossession of such secured property by the respective creditor.
- Please make sure collateral notes are added to the notes section of sugar.

Credit Unions

- Credit unions can be enrolled if we are able to include all the accounts/or if the account is late or in collections.
- If a Credit Union is being used for the ACH, agents must advise clients that they will need to change the account within the next 30 days of signing and that they are cross collateralized.
- The only exception we may apply is with Navy FCU as they work differently.
- If the client has checking/savings accounts with that credit union, they should be advised of cross collateralization.
- If client has an open active auto account with said credit union, we can't enroll any debts from the credit union.

Debts not appearing on Credit Report

- If a client wants to enroll a debt that does not appear on the credit report. The client will have to provide us with a proof of debt and proof of payment towards the debt. Client must provide these statements at time of enrollment.

Proof of Debt/Payments

- We require that the statement provided be no older than 90 days.
- Proof of debt should contain the Creditor Name, Clients Name, account number, and total balance owed.
- For accounts that DO appear on the credit report, you will need to check and make sure payments have been made on the accounts enrolled in the program. If no payments appear on the credit report history, then the client will need to provide us a proof of payment to move forward with the account. (This can be a payment confirmation from the creditor, or even a bank statement.)

Non-Applicant Ach

- The non-applicant must be included as a co-client regardless if they are including any of their own debts.
- We will also need to pull the non-applicant's credit report to verify personal details (SSN, DOB, etc.)

Budget notes

- If a client is not paying on home, auto, food, utilities, please add the reason to the hardship notes in the file.

Key Topics for Client Discussion

- Cross Collateralization or Right to Offset. If a client has a checking or savings account, we must highly recommend that they change accounts for the benefit of the settlement program. It is difficult for us to make the case of a financial hardship if the bank has access to see how much money is coming in and out of your account. Hopefully this at least leads to them saying they will change banks or leave it open as a secondary account with limited funds. CU required to change in 30 days
- Secured Accounts. You know the drill here. Client must be informed that we have a history of settling with the creditors, but we must inform them that the creditors could take the additional step of attempting to take the property.
- LDP. If a client has Amex, Discover, Capital One, or Chase in a Green State they need LDP otherwise we would have to remove those creditors. These creditors require that an attorney is involved in the settlement process and LDP covers that. The story you are selling here is exactly that. These creditors require an attorney is involved in the negotiation process. The great news here is that is already included in your monthly program deposit, and you have the added benefit of the attorney involved in negotiations with these creditors. Otherwise, we would have to remove them from the program because it would make it impossible for us to settle
- Credit Score. If the score is 700+ they must be informed that there will be an impact for the benefit of resolving the debt.
